

WA water TRAILER HIRE

WHAT IS WA WATER TRAILER HIRE?

It is a single-sided water dispensing unit with a built-in smart TV for advertising & promotion.

It's ideal for the projects of 2,000 people, It has ten bottle refill taps & two water bubblers, including two child-friendly & wheelchair-compliant taps. It can be installed, removed, delivered, set up, packed down, & collected by trained & qualified staff, and the hoses are covered with reflective trafficable bump stops. The unit is cleaned & sanitized monthly to meet health department regulations.
